Defendants

STATE OF VIRGINIA

CITY OF FAIRFAX, to wit:

This day William Horiagon personally appeared before the undersigned Notary Public in and for the City and State aforesaid and, having been first duly sworn according to law, disposes and states as follows: that he is not a party to or otherwise interested in the subject matter in controversy in the within cause; that he is over the age of 18 years; that he is authorized to serve legal process in the state of Virginia; that on the 3rd day of September 2010, at 11:34 o'clock a.m., he served a SUMMONS with COMPLAINT on Mr. Shepard W. Hill, President of BISS, The Boeing Corporation International Headquarters, located at 1200 Wilson Boulevard, Suite 1, Arlington, Virginia 22209 by handing it to Paralegal, Yvette Retanoje, of the Office of General Counsel for The Boeing Corporation, in person. I, William Horiagon, believe that Mr. Shepard W. Hill was indeed present, however, refused to come and accept service. I overheard the main receptionist in the lobby telling him over the phone that there was a Summons that needed to be handed to him. The receptionist quickly finished her call and stated that neither Mr. Hill nor Ms. Mona Hammac, secretary of Mr. Hill, was not in the office to accept service. This is when I, William Horiagon, insisted that someone come and accept the service, either Mr. Hill himself or a representative authorized to accept service on his behalf. Paralegal, Yvette Retanoje, informed that she was authorized to accept the documents on behalf of Mr. Hill.

William Horiagon
